Hi Tim,

Thanks for sharing the draft agenda. Please replace my name with Bruce Kulpan's name. Also, since our office has been working with OEM on the Dimock case and is interested in oil and gas discussions, Patricia Mott (one of the branch chiefs here in OSRE) left a voice message for Tito about whether she can participate in the Gas/Oil Exploration discussion by phone and maybe take a few minutes of the hour to share the enforcement perspective.

Thanks.

Subject: DRAFT Removal Managers Meeting Agenda

Hello All,

Attached is the latest draft of the agenda for our meeting next week. We want to emphasize that this is principally a Managers meeting and therefore participation should primarily be Emergency Response & Removal Program Managers with the exception of a few key staff who support the meeting and those that come in to present on specific agenda topics.

Note that there are, on the last page, placeholder topics that may be added to the agenda or may be discussed on the next Removal Managers Conference Call.

By COB Wednesday, please review the agenda and let Tito and me know of any major issues (i.e., omissions, etc) that need to be addressed prior to meeting next week. The agenda has been structured to make the best use of having the OEM Director and Deputy Director in attendance on Tuesday. The Director and Deputy Director, along with other Removal Managers, will be participating in the Meta-Leadership Training scheduled for Wednesday.

The final agenda and Read-Aheads will be forwarded by NLT Thursday afternoon. They will also be posted to the Removal Managers website.
